New Business

1. What Three Words/Connie Bashaw
2. Vendors at Meetings-request by Baycom Communications
3. Change of meeting timeline- I have been approached and asked if it would be possible to have the meeting first and then have the training after. Members could grab a bite to eat after the meeting and then eat while the training is going on. This has been brought up because some of our online participants/members cannot see or participate in training and it is hard for them to know when the training is done and when they would be needed to present on their topic.
4. Radio Traffic: When asking for agenda items to discuss I received multiple requests to have a conversation about radio traffic on the County Main Frequency and how can we reduce that and better utilize the work channels.
5. Request by Jeremy from Orange Cross Ambulance to become a member of the MCEMS Assn. Also discuss the potential of Ambulance Agencies using their services.
6. Anything else to be brought up for the betterment of this organization?
